Requisites for Admission.

The required age is fifteen years, and a proportionate increase of age, if advanced classes are to be entered, unless by a special vote of the Faculty.

Examinations for admission are held on the day preceding the opening of each Session. Students may be examined and received at any time, in special cases, except during vacation. Those coming from another college must be free from censure.

To enter the Classical Course, the student must prove himself conversant with English Grammar, Arithmetic, Geography, the Latin and Greek Grammars, the prose part of the Greek Reader, two books of Cæsar's Commentaries, and four books of Virgil's Æneid. It is recommended that the student be acquainted with Algebra through simple equations.

To enter the Scientific Course the student must prove himself conversant with the above English studies, and some elementary history of the United States. He must also be able to write respectably, English compositions. The examinations for admission will be strict and thorough.

" private Rooms of the Students,	2.00	"

* A small additional charge is made if the Room is furnished.

Board $1.25 per week to those who room in College, and $1.50 to $1.75 where they room at their Boarding House.

A free allowance of pocket money leads a student into many snares, and greatly interferes with his progress in study. The money for minors should generally be deposited with some citizen or member of the Faculty, who will act as guardian and render semi-annual accounts; charging five per cent. commission on the amount expended.

Parker's progressive exercises in Composition, Rhetorical exercises and Vocal Music throughout the course.

The portion of the above course required for admission to College may be completed in two years; but, without regard to time, the student must sustain a fair examination on the branches enumerated page 17.

Academy pupils, besides popular lectures on various subjects suited to their ability, are allowed, when it would be useful, to be present at the experimental lectures of the College Classes.

Voluntary Societies.

The Society of Alumni is composed of all who have received the degree of Bachelor of Arts or Bachelor of Philosophy at this University, and such others as having left this Institution free from censure, may be elected members, at the annual meetings. Its objects are the promotion of Literature, the preservation of pleasing associations, and especially the welfare and advancement of the University.

The Euepian, and Theta Alpha Societies, have weekly meetings for debates, essays, &c., and are composed of students in the collegiate course. Each has a convenient hall; and by an arrangement of the Faculty, will always have about an equal number of members.

The Academic Society comprises all such students in the Academy or Grammar school as may choose to belong, and are of proper age.

The Society for Inquiry is a religious body, comprising students from both departments. It receives religious periodicals, corresponds with kindred societies and with Missionaries in various parts of the world. At its monthly meetings there is always an essay read in public, touching some important subject connected with the evangelization of the world. It has a valuable library of works connected with missions, and a museum of ethnological articles.

Lewisburg, Union County, Pa.

Lewisburg is nearly a mile from the direct Canal which passes from Philadelphia by Harrisburg up the West Branch of the Susquehanna. Freight comes directly to the wharf through a crosscut, but the Packet Boats pass straight on through Milton, Williamsport, &c. Strangers, therefore, coming to the University from the Junction, should apprise some of the Faculty of the day, so that a carriage may be in waiting for them at the packet landing.

A pleasant route, particularly in summer, is through Pottsville and Northumberland by Stage Coaches. There is a prospect of an early completion of a railroad, which will connect Lewisburg directly with New York, Buffalo, Dunkirk, Erie, Philadelphia, and Baltimore.

The buildings now erected furnish a Chapel 60 feet square, a Library Room, six large Recitation Rooms, three Society Rooms, a Reading Room, President's Office, sixty-five Dormitories, and thirty-two Studies. An additional building will, probably, be erected soon.

As thousands of young men are resolved to obtain intellectual culture, whose circumstances, inclinations, and intended professions, do not lead them to the study of ancient languages, provision is made at this Institution for the liberal education of such, in an extended course of scientific and philosophic studies.

Commencement.

The Commencement occurs on the third Wednesday in August; after which is a vacation till the third Thursday in October.

The College year begins on the third Thursday in October. The first session is divided into two terms. The Spring vacation embraces four weeks preceding the third Thursday in May when the Summer term commences.

Recitations.

Each student has three recitations a day, requiring an average preparation of two hours each. Compositions and declamations semi-monthly. Vocal Music weekly.

Apparatus and Cabinet.

The University owns a very superior apparatus for philosophical experiments, procured at a cost of about $2,500, embracing a powerful telescope, solar microscope, and all needful instruments for illustrating the course of optics, mechanics, electricity, &c. A cabinet of minerals has been commenced, to which donations are solicited. Maps and charts, ancient and modern, with an ample set of illustrations for Anatomy and Physiology, &c., are provided.

Merit Roll.

A daily record is made of the attendance, conduct, and recitations of each student; each instructor keeping a separate account for every class reciting to him. These are handed to the President weekly, who is thus put in possession of all the information necessary for his guidance in conversing with students or corresponding with their parents. The weekly summary of these class-papers is recorded in a permanent book, by which the standing of a student at any time, and his grade at graduation, is exactly determined.

Moral Culture.

While it cannot be expected that a full moral guardianship can be exercised over College students by any Faculty of instruction, it will be constantly regarded as the object of the deepest interest, and each professor is required to use his diligence, not only to suppress disorders, but to exert a pure and saving influence on the students, without obtruding upon them any sectarian peculiarities.

Beside the usual daily service in Chapel, at which every student is required to be present, there is a weekly prayer meeting in College, and a Bible class on Monday, for the critical study of the New Testament, taught by the Greek Professor; attendance on which is optional.

LEWISBURG

FEMALE ACADEMY,

UNDER THE CARE OF THE

TRUSTEES OF THE UNIVERSITY

AND

General Supervision of the President.

This institution is an object of cherished interest with all the founders of the University and the Faculty. At the earliest possible period a boarding house will be erected and a suitable matron employed. At present, the young ladies board in several excellent families, where students of College are not received.

The course of instruction embraces all the studies both of College and Academy, so far as the pupil may be qualified to pursue them.

TIME AND CONDITIONS OF ADMISSION.

Examinations for admission will be held on Monday morning preceding Commencement, June 23d, 1873, and on the day preceding the opening of each term.

In special cases candidates may be examined and admitted at other times in the year.

In order to enter the Classical Course, the student must sustain an examination in the following studies:

English Grammar, including Orthography and Orthoepy.

Geography.

Arithmetic.

Algebra—to Quadratic Equations.

Latin Grammar.

Cæsar's Commentaries, two books.

Four of Cicero's Orations.

Virgil's Æneid, four books.

Greek Grammar.

Greek Reader.

Xenophon's Anabasis, three books.

Satisfactory equivalents will be accepted instead of the text books named.

To enter the Scientific Course, the applicant must prove himself conversant with the above English studies, and with some Elementary History of the United States.

Applicants for admission into advanced classes are examined as above, and also in the studies gone over by the class into which they may desire admission.

Any person applying for admission must, before his examination, present to the President a certificate from the Treasurer of the payment of a matriculation fee of five dollars. If he is admitted, this charge will be credited on his bill for the term following the examination.

The required age for admission into the Freshman Class is fifteen years. A proportionate increase of age is required if advanced classes are to be entered.

Applicants for admission must furnish to the President satisfactory testimonials of good moral character, and if they come from another College must present certificates of honorable dismission.

Students who complete this course and pass the required examinations, are entitled to the Degree of Bachelor of Science.

RECITATIONS.

Each student is required to engage in such a number of studies as may in the judgment of the President be sufficient to occupy his whole time.

There are either three Recitations, or two Recitations and a Rhetorical exercise for each class daily, except on Saturdays, when there is but the morning Recitation.

The Recitations occupy one hour each, and begin at 7½ o'clock in the morning, at 11 in the forenoon, and at 4 in the afternoon. The time required for College duties extends from 7¼ o'clock to 8½ in the morning, from 9 o'clock to 12 in the forenoon, from 2 o'clock to 5 in the afternoon, and from 7 o'clock to 9 in the evening.

RHETORICAL EXERCISES.

The Rhetorical exercises for the Senior and Junior Classes occur on every Monday morning, and for the Sophomore and Freshman Classes on Thursdays.

The classes are so arranged by divisions, that each student has an appointment in Composition or Declamation once in every two weeks.

The performances of the Senior and Junior Classes are before the whole College, and the Seniors are required to speak original productions.

The Public Exhibition of the Junior Class in Oratory will take place this year on Saturday evening preceding the close of the First Term, December 21st.

PUBLIC WORSHIP.

All students are required to attend prayers in the College Chapel every morning of the week, and public worship at some church in town on Sunday morning. To this end each one is to report to the President at the beginning of the Term the particular church which he will attend.

MERIT ROLL.

A daily record is made of the attendance, conduct, and recitations of every student. Each instructor keeps a separate account for every class reciting to him. The weekly summary of these class papers is recorded in a permanent book, by which the standing of a student at any time, and his rank at graduation are determined.

By a frank communication to parents of the idleness or disorder of a student before the case becomes extreme, it is hoped to prevent open disgrace to offenders, by having them reclaimed or privately removed.

TEXT BOOKS.

These can be procured in Lewisburg. It is better that students should not purchase them before coming to the University, as they will thus avoid a want of uniformity in the editions of the same work, and save the cost of books which they may not find necessary in their respective classes.

LIBRARY AND APPARATUS.

Valuable additions have been made to these departments during the past year. Arrangements have been made by which a yearly appropriation for the enlargement of the Library is realized.

The Laboratory has been fitted up in a convenient manner, and a large expense is constantly incurred for apparatus and re-agents. The instruction in this department will be so conducted as to afford knowledge of the mode of applying science to husbandry and the mechanic arts.

PREMIUMS.

Mr. John M. Finn, of Philadelphia, of the class of 1854, has established the following premiums:

A first premium, either in money or in books, is offered to the student who gives evidence of the best preparation on the studies required for admission to College, and a second premium for the second best preparation. The awards are to be made either at the Commencement of the First Term, or within four weeks afterward.

The first premium for this year was awarded to Owen James, and the second to John Brooks, both fitted for College in the Preparatory Department of the University.

Rev. A. H. Lung, of the class of 1853, offers an annual premium, either in money or in books, to the member of the Junior Class who presents the best specimen of Oratory at the annual Junior Exhibition in December.

VOLUNTARY SOCIETIES.

There are in College two Literary Societies:—The Euepian and Theta Alpha. These have meetings on Saturday forenoon of each week for orations, essays and debates. Each Society has a convenient hall, a valuable library, and by an arrangement of the Faculty, will always have about an equal number of members.

The Society for Inquiry comprises students from both the College and the Preparatory Department. It receives religious periodicals, and corresponds with kindred societies, and with Missionaries in various parts of the world. It has a valuable library of works connected with missions.

TERMS AND VACATIONS.

The Collegiate year is divided into two terms:—

The First Term of the present year will close on Monday evening, December 23d.

The Second Term will commence on Wednesday morning, January 22d, 1873, and continue to Commencement, Wednesday, June 25th.

It is of great consequence that students return to College in time to attend the first recitations or lectures of their class. An absence of a few days, when a new branch of study is begun, seldom fails to produce subsequent embarrassment, and frequently the loss is not made up during the term.

EXAMINATIONS.

The Examinations of the several classes during the year will take place as their studies are completed. The Examination of the Senior Class in the studies of the Second Term will be held on Wednesday, June 4th, 1873. The Examination of the other classes at the close of the Second Term will be held on Saturday preceding Commencement, June 21st.

DEGREES.

Besides the Degrees which are conferred at graduation upon those who have honorably completed the course of study pursued in this University, the degree of Master of Arts in course is conferred on graduates from the Classical Department, of at least three years standing, who meanwhile shall have sustained a good moral character and pursued professional or other studies, and who make application to the President personally or by letter at least one day previous to Commencement.

Honorary Degrees are conferred upon those who are recommended by the Faculty and approved by the Board of Curators.

At the Commencement, June 26th, 1872, the degree of Master of Arts in course was conferred upon the following members of the class of 1869:—

MARTIN BELL,
GEORGE W. BLISS,
FREDERICK E. BOWER,
GEORGE J. BRENSINGER,
FREDERICK K. FOWLER,
JOHN H. HARRIS,
ANDREW A. LEISER,
WILLIAM H. SHERMER,
EDMUND WELLS,
JOHN S. WRIGHTNER.

The Honorary Degree of Doctor of Divinity was conferred upon
REV. GEORGE FREAR, of Norristown, of the class of 1856, and
REV. DANIEL SHEPPARDSON, of Granville, O.

The Honorary Degree of Doctor of Laws was conferred upon
REV. ASAHEL C. KENDRICK, D. D., Professor of the Greek Language and Literature in the University of Rochester, N. Y.

EXPENSES.

The cost of board, clothing, furnishing room, books, and other personal expenses will vary with the habits of individual students, and cannot enter into a general estimate.

The Term-bills must be paid in advance at the beginning of each term.

No student is entitled to his place in class until he has made settlement with the Treasurer.

No deduction from Term-bills will be made except in case of protracted illness.

The expenses in College amount to $65 00 per year and are apportioned as follows:—

Tuition,	$36 00
Room Rent,	6 00
Library,	1 50
General Repairs,	3 00
Care of Public Rooms,	1 50
Fuel, Private Rooms,	10 00
Fuel, Public Rooms,	4 00
Pew Rent,	3 00

The charge for Pew Rent is paid by the Treasurer to the several churches in town at which students attend.

If a student occupy a study to himself, the charges for room-rent and private fuel will be doubled.

The expenses for Music and Printing for Examinations and Anniversary occasions are paid by the classes for which such expenses are incurred.

Graduation fee and diploma, five dollars. Degree of Master of Arts and diploma, five dollars.

Students in College board in the village at private houses approved by the Faculty, and the charges are from $2 50 to $4 00 per week. Board-bills should be settled monthly.

All the students occupy rooms in College and are required to furnish their own rooms. The dormitories, each intended for one student, are provided with a bedstead, but not with other furniture.

It will often be a matter of economy for students to bring articles of furniture, and especially bedding, with them. These can, however, be obtained in Lewisburg.

Students are responsible for damage done to their rooms, whether it be done when they are present in the room or absent from it. Damage done to any of the halls will be assessed on the occupants of rooms belonging to that hall.

Any student is entitled to receive from the President an honorable dismission at any period of his course, provided he has fully observed up to that time all the laws of the University and the requirements laid upon him, and if a minor, has the written sanction of his parent or guardian. This document must be left in the hands of the President

Regular exercises in Composition and Declamation are required of the students in this Department through the year. In connection with the Declamations, Parker and Watson's National Fifth Reader is used for selections and drill.

The design of this Department is to prepare pupils for admission to the Classical Course in College, and great care is taken that the preparation be thoroughly made. Attention is given to a review of Arithmetic and Algebra; other primary English studies are expected to have been completed before students enter the course.

The students in this Department have formed an Association for mutual improvement, by means of Orations, Essays and Debates. For this purpose they have a Hall assigned to them in which they hold meetings every Saturday forenoon.

The exhibition of the Class of the Second Year in Oratory will take place this year on the Friday evening preceding the close of the First Term, December 20th.

EXPENSES.

In this Department, the charge for Tuition is $30 per year. The other expenses are the same as in College, the charge for the use of the Library excepted. But students in this Department may, by permission from the President, have access to the Library upon the same terms as College students.

The Term-Bills must be paid in advance at the beginning of each Term.

ACADEMY.

The Academy Building is on University Hill and affords ample accommodations. It is fitted up to accommodate boarders, and students from abroad will room and board in the Academy with the teachers and be under their care.

All the students of the Academy attend Sunday School, and worship on Sunday with the Principal.

Efforts have been made to arrange the building with reference to the comfort of pupils. They have a parlor for their use. Their private rooms are designed each to accommodate two students, and are furnished. Heating arrangements have been introduced which add to the comfort of these rooms.

Particular attention is given to the elementary branches as well as to advanced studies. Young men desiring to enter the Scientific Course in College, or to fit themselves for teaching in the Public Schools, will find the course of studies especially suited to them. The Academic students have a Society Room and Library furnished for their special use. The Terms and Vacations are the same as for the other departments.

The instruction embraces the full course of English studies usually taught in first-class Academies.

The lectures in College are free to all the students of the Academy.

THE UNIVERSITY
FEMALE INSTITUTE

Is under the supervision of the same Boards as the College, but with an entirely separate corps of Teachers, as follows:

REV. JUSTIN R. LOOMIS,
PRESIDENT OF THE UNIVERSITY.

HARRIET E. SPRATT,
PRINCIPAL, AND TEACHER OF MORAL AND MENTAL PHILOSOPHY.

MARY E. HENDERSHOT,
MATHEMATICS.

MARCIA M. ALLEN,
LATIN AND NATURAL SCIENCES

LUCY M. HAMILTON,
FRENCH AND PAINTING.

SARAH A. REED,
PREPARATORY DEPARTMENT.

LIZZIE HOPKINS,
ENGLISH BRANCHES.

E. GERTRUDE HAMILTON,
MUSIC.

LODELIA POWERS,
MUSIC AND GYMNASTICS.

JENNIE SOARS,
MUSIC.

REV. FRANCIS W. TUSTIN, A. M.,
LECTURER ON NATURAL SCIENCES.

R. A. SAHLER,
MATRON.

The buildings are in a grove separate from that of the College, and are large, well arranged, convenient and pleasant. Pupils, not residents of Lewisburg, board in the Institute, and are under the especial care of the Principal and her Assistants.

The instruction is thorough, and sufficiently extensive in all the branches of an English Education, together with Latin, French, German, Music and other ornamental branches.

The regular course of study occupies three years, at the end of which time those who have creditably sustained themselves in all of their examinations receive the customary diploma of the Institute.

Those who desire to spend a shorter time than what is required to complete the course can take such studies as they are prepared, profitably, to pursue.

Special attention is given to the religious training of the young ladies, and every effort is made to surround them with the influences of a pleasant, christian home.

For the healthful development of the physical system, a commodious gymnasium has been provided and furnished with requisite apparatus for light gymnastics.

Daily exercise in the open air is also required when the weather will permit.

For further information or for catalogues, address the President, the Principal, or the Treasurer of the University, Rev. J. A. Kelly, A. M.

RAILROAD DIRECTORY.

The Philadelphia and Erie Rail Road runs within one and a half miles of the town of Lewisburg.

The Lewisburg, Centre and Spruce Creek Rail Road runs through the town, and trains on this road make connections with the Philadelphia and Erie.

Most of the following trains run through from the points named below without change of cars.

Three trains daily from Philadelphia, Baltimore and Pittsburg.
Two " " " Erie.
Two " " " New York, via Harrisburg.
One " " " " via Scranton.
Three " " " Buffalo, Elmira and Williamsport.

The Lackawana and Bloomsburg Rail Road connects with the Philadelphia and Erie. The Lewistown division connects with the Pennsylvania Rail Road at Lewistown, and the Philadelphia and Erie Rail Road at Sunbury. Passengers from the West will save distance and expense by this connection. The above trains connect all intermediate points.

TIME AND CONDITIONS OF ADMISSION.

Examinations for admission will be held on Monday morning preceding Commencement, June 24th, 1874, and on the day preceding the opening of each term.

In special cases, candidates may be examined and admitted at other times in the year.

In order to enter the Classical Course, the student must sustain an examination in the following studies:

English Grammar, including Orthography and Orthoepy.

Geography.

Arithmetic.

Algebra—to Quadratic Equations.

Latin Grammar.

Cæsar's Commentaries, two books.

Four of Cicero's Orations.

Virgil's Æneid, four books.

Greek Grammar.

Greek Reader.

Xenophon's Anabasis, three books.

Satisfactory equivalents will be accepted instead of the text books named.

To enter the Scientific Course, the applicant must prove himself conversant with the above English studies, and with some Elementary History of the United States.

Applicants for admission into advanced classes are examined as above, and also in the studies gone over by the class into which they may desire admission.

Any person applying for admission must, before his examination, present to the President a certificate from the Treasurer of the payment of a matriculation fee of five dollars. If he is admitted, this charge will be credited on his bill for the term following the examination.

The required age for admission into the Freshman Class is fifteen years. A proportionate increase of age is required if advanced classes are to be entered.

Applicants for admission must furnish to the President, satisfactory testimonials of good moral character, and, if they come from another College, must present certificates of honorable dismission.

Students who complete this course and pass the required Examinations, are entitled to the Degree of Bachelor of Science.

RECITATIONS.

Each student is required to engage in such a number of studies as may in the judgment of the President be sufficient to occupy his whole time.

There are either three Recitations, or two Recitations and a Rhetorical Exercise, for each class daily, except on Saturdays, when there is but the morning Recitation.

The Recitations occupy one hour each, and begin at 7½ o'clock in the morning, at 11 o'clock in the forenoon, and at 4 o'clock in the afternoon. The time required for College duties extends from 7¼ o'clock to 8½ o'clock in the morning, from 9 o'clock to 12 o'clock in the forenoon, from 2 o'clock to 5 o'clock in the afternoon. and from 7 o'clock to 9 o'clock in the evening.

RHETORICAL EXERCISES.

The Rhetorical Exercises for the Senior and Junior Classes occur on every Monday morning, and for the Sophomore and Freshman Classes on Thursdays.

The classes are so arranged by divisions, that each student has an appointment in Composition or Declamation once in every two weeks.

The performances of the Senior and Junior Classes are before the whole College.

The Public Exhibition of the Junior Class in Oratory will take place, during the present college year, on Saturday evening, April 25th.

PUBLIC WORSHIP.

All students are required to attend prayers in the College Chapel every morning of the week, and public worship at some church in town on Sunday morning. To this end each one is to report to the President, at the beginning of the Term, the particular church which he will attend.

MERIT ROLL.

A daily record is made of the attendance, conduct, and recitations of every student. Each instructor keeps a separate account for every class reciting to him. The weekly summary of these class papers is recorded in a permanent book, by which the standing of a student at any time, and his rank at graduation, are determined.

By a frank communication to parents of the idleness or disorder of a student before the case becomes extreme, it is hoped to prevent open disgrace to offenders, by having them reclaimed or privately removed.

TEXT BOOKS.

These can be procured in Lewisburg. It is better that students should not purchase them before coming to the University, as they will thus avoid a want of uniformity in the editions of the same work, and save the cost of books which they may not find necessary in their respective classes.

LIBRARY AND APPARATUS.

Arrangements have been made by which a yearly appropriation is devoted to the enlargement of the Library.

The Laboratory has been fitted up in a convenient manner, and a large expense is constantly incurred for apparatus and re-agents. The instruction in this department will be so conducted as to afford knowledge of the mode of applying science to Husbandry and the Mechanic Arts.

PREMIUMS.

Mr. John M. Finn, of Philadelphia, of the class of 1854, has established the following premiums:

A First Premium, either in money or in books, is offered to the student who gives evidence of the best preparation on the studies required for admission to College, and a Second Premium for the second best preparation. The awards are to be made within two months from the opening of the First Term.

The First Premium for the present year was awarded to William L. Penny, promoted from the Preparatory Department of the University; and the Second Premium to Edmund D. Shull, fitted for College at the South Jersey Institute, Bridgeton, N. J.

Rev. A. H. Lung, of the class of 1853, offers an Annual Premium, either in money or in books, to the member of the Junior Class who presents the best specimen of Oratory at the annual Junior Exhibition.

This premium was awarded last year to David Jayne Hill.

VOLUNTARY SOCIETIES.

There are in College two Literary Societies:—The Euepian and the Theta Alpha. These have meetings on Saturday forenoon of each week for Orations, Essays and Debates. Each society has a convenient Hall and a valuable Library, and, by an arrangement of the Faculty, will always have about an equal number of members.

The Society for Inquiry comprises students from both the College and the Preparatory Department. It receives religious periodicals, and corresponds with kindred societies, and with Missionaries in various parts of the world. It has a valuable Library of works connected with Missions.

TERMS AND VACATIONS.

The Collegiate Year is divided into two Terms:—

The First Term of the present year will close on Tuesday evening, December 23d.

The Second Term will commence on Thursday morning, January 8th, 1874, and continue to Commencement, Wednesday, June 24th

It is of great consequence that students return to College in time to attend the first Recitations or Lectures of their class. An absence of a few days, when a new branch of study is begun, seldom fails to produce subsequent embarrassment, and frequently the loss is not made up during the Term.

EXAMINATIONS.

The Examination of the several classes during the year will take place as their studies are completed. The Examination of the Senior Class in the studies of the Second Term will be held on Wednesday, June 3d, 1874. The Examination of the other classes at the close of the Second Term will be held on Saturday preceding Commencement, June 20th.

DEGREES.

Besides the Degrees which are conferred at graduation upon those who have honorably completed the course of study pursued in this University, the degree of Master of Arts in course is conferred on graduates from the Classical Department, of at least three years standing, who meanwhile shall have sustained a good moral character and pursued professional or other studies, and who make application to the President, personally or by letter, at least one week previous to Commencement.

Honorary Degrees are conferred upon those who are recommended by the Faculty and approved by the Board of Curators.

At the Commencement, June 25th, 1873, the following Degrees were conferred:

BACHELOR OF ARTS—*On Examination.*

Joseph W. Allen,
John B. Cook,
Daniel W. Sheppard,
John W. Hague,
Edward B. Walts,
Edwin C. Baird,
William C. Walls,
Freeman G. Teed,
Nicholas P. Mervine,
Samuel D. McDonald,
William B. Ridenour.

BACHELOR OF SCIENCE—*On Examination.*

William F. Derr. | Robert A. Kennedy.

MASTER OF ARTS—*In Course.*

Henry H. Bliss. | Charles T. Hallowell.

MASTER OF ARTS—*Honorary.*

Hiram F. Reed. | Augustus C. Norris.

DOCTOR OF DIVINITY—*Honorary.*

Rev. William Cathcart. | Rev. Charles Keyser.

DOCTOR OF LAWS—*Honorary.*

Prof. Charles E. Hamlin.

EXPENSES.

The cost of board, clothing, furnishing room, books, and other personal expenses, will vary with the habits of individual students, and cannot enter into a general estimate.

The Term-bills must be paid in advance at the beginning of each Term.

No student is entitled to his place in class until he has made settlement with the Treasurer.

No deduction from Term-bills will be made except in case of protracted illness.

The expenses in College amount to $65.00 per year, and are apportioned as follows: —

Tuition,	$36.00
Room Rent,	6.00
Library,	1.50
General Repairs,	3.00
Care of Public Rooms,	1.50
Fuel, Private Rooms,	10.00
Fuel, Public Rooms,	4.00
Pew Rent,	3.00

The charge for Pew Rent is paid by the Treasurer to the several churches in town at which students attend.

If a student occupy a study to himself, the charges for room-rent and private fuel will be doubled.

The expenses for Music and Printing for Examinations and Anniversary occasions are paid by the classes for which such expenses are incurred.

Graduation fee and diploma, five dollars. Degree of Master of Arts and diploma, five dollars.

Students in College board in the village at private houses approved by the Faculty. The charges are from $2.50 to $4.00 per week. Board-bills should be settled monthly.

All the students occupy rooms in College, and are required to furnish their own rooms. The dormitories, each intended for one student, are provided with a bedstead, but not with other furniture.

It will often be a matter of economy for students to bring articles of furniture, and especially bedding, with them. These can, however, be obtained in Lewisburg.

Students are responsible for damage to their rooms, whether it be done when they are present in the room or absent from it. Damage done to any of the halls will be assessed on the occupants of the rooms belonging to that hall.

Any student is entitled to receive from the President an honorable dismission at any period of his course, provided he has fully observed, up to that time, all the laws of the University and the requirements laid upon him, and, if a minor, has the written sanction of his parent or guardian. This document must be left in the hands of the President.

Regular Exercises in Composition and Declamation are required of the students in this Department through the year. In connection with the Declamations, Parker and Watson's National Fifth Reader is used for selections and drill.

The design of this Department is to prepare pupils for admission to the Classical Course in College, and great care is taken that the preparation be thoroughly made. Attention is given to a review of Arithmetic and Algebra; other primary English studies are expected to have been completed before students enter the course.

The students in this Department have organized for mutual improvement by means of Orations, Essays and Debates. For this purpose they have a Hall assigned to them in which the EUODIAN LITERARY SOCIETY holds meetings every Saturday forenoon.

The Exhibition of the Class of the Second Year in Oratory will take place this year on Friday evening, April 24th.

EXPENSES.

In this Department, the charge for Tuition is $30 per year. The other expenses are the same as in College, the charge for the use of the Library excepted. But students in this Department may, by permission from the President, have access to the Library upon the same terms as College students.

The Term-Bills must be paid in advance at the beginning of each Term.

ACADEMY.

The Academy Building is on University Hill, and affords ample accommodations. Students from abroad room and board with the teachers in the Academy.

They have a parlor for their use. Their private rooms are designed each to accommodate two students, and are furnished.

Boarding pupils study in the School Room with a teacher, from 7¼ o'clock to 8¼ o'clock in the morning, and from 7 o'clock to 9 o'clock in the evening.

The hours of recitation are from 9 o'clock to 12 o'clock in the forenoon, and from 2 o'clock to 5 o'clock in the afternoon.

All students boarding in the Academy attend Church and Sunday School with the Principal.

Young men desiring to enter the Scientific Course in College, or to fit themselves for teaching in the Public Schools, will find the course of studies especially suited to them. The Academic students have a Society Room and Library furnished for their special use. The Terms and Vacations are the same as for the other departments.

The instruction embraces the full course of English studies usually taught in first-class Academies.

The Buildings are in a grove separate from that of the College, and are large, well arranged, convenient and pleasant. Pupils, not residents of Lewisburg, board in the Institute, and are under the especial care of the Principal and her Assistants.

The instruction is thorough, comprising all the branches of an English Education, together with Latin, French, German, Music, and other ornamental branches.

The regular course of study occupies three years, at the end of which time those who have creditably sustained themselves in all of their examinations receive the Diploma of the Institute.

Those who desire to spend a shorter time than what is required to complete the course, can take such studies as they are prepared, profitably, to pursue.

Special attention is given to the religious training of the young ladies, and every effort is made to surround them with the influences of a pleasant, christian home.

For the healthful development of the physical system, a commodious Gymnasium has been provided and furnished with requisite apparatus for light gymnastics.

Daily exercise in the open air is also required when the weather will permit.

For further information or for catalogues, address the President, the Principal, or the Treasurer of the University, Rev. J. A. Kelly, A. M.
